Subject: FW: Proposal 41349
Attachments: Grant ID 41349.doc

Barbara Jean,
Thank you for the follow up communication.

The grant was approved based on follow-up communication that adequately addressed outstanding Committee queries.

Funding approved for the grant includes the on-line activity component of \$13,230 however it is contingent upon all other grant providers approving funding for this on-line activity. Therefore, the total grant approved is \$58,080. Please advise us if timetable outlined below for disbursement of funds is not satisfactory and we can adjust timing accordingly.

- 35% upon Signing of EGA (December)
- 30% upon dissemination of Special Monograph with Reference Tool (Q2/10)
- 20% upon posting of on-line activity (Q2/10)
- 15% upon receipt of educational outcomes measurements (interim, final reporting, final reconciliation.) (Q3/10)

The Educational Grant Agreement (EGA) will be prepared and submitted to the American Geriatrics Society. Please be certain all outlined review/approval timelines are adhered to during the review and signatory processes.

Please inform us of the status of the full grant support received and if adjustments are to be made. Thank you and we wish you a successful learning activity. Kindly reply to all with any questions. Regards, Robyn

Barbara Jean-The grant was reviewed today. We have a few more points that need to be clarified as follows:

- Number of certificates expected to be issued for each activity
- On-Line component-please follow up with me directly
- Eligibility Questionnaire-please follow up with me directly
- Educational Outcomes Measurement-please follow up with me directly

As I am traveling tomorrow you may reach me on cell at your convenience. I am also copying our Grants Analyst Jana Pines for any logistical questions you may have. After we speak I kindly ask for you to respond to both of us in a separate email communication no later than COB Monday December 7. Thanks, Robyn

Subject: RE: Proposal 41349

Hi Robyn,

It was nice speaking with you this morning, thanks again for the opportunity to work with you.

As discussed, I've outlined below a few more details for the committee.

1. Online Option – As the accreditor, The American Geriatrics Society believes that an online posting of the print piece would essentially create a new activity and therefore would charge an additional accreditation fee. The AGS accreditation fee is \$35,000. In order to be more cost effective we have created the online option. The online activity would be posted to www.cmezone.com, and made available through the centricity network. Advertisements would be placed in *Pain Medicine News* announcing the activity's availability and an email sent to CMEZone members. Total cost of the option is \$52,920 we have requested each grantor contribute \$13,230 for this option.

2. The activity will be distributed via *Pain Medicine News*. The specialty breakdown of the almost 50,000 circulation is as follows:

Primary Care (family practice, general practice, internal medicine)	26,192
Orthopedic surgery	5,949
Neurology	5,190
Pain management, pain medicine, palliative medicine	2,255
Rheumatology	2,196
Physical medicine and rehabilitation	2,119
American Society of Interventional Pain Physician members	4,178
Oncology	763
North American Neuromodulation Society Members	555

3. Faculty selection – based on guidance by AGS and the goal of the activity to educate clinicians on the 2009 updated AGS guidelines, proposed faculty include those involved in the creation of the guidelines as well as past educational activity

evaluations, expertise as educators and expertise in the therapeutic area.

To date AGS has received approvals from Endo Pharmaceuticals and Purdue Pharma each contributing the requested \$44,850.00 to complete the print special report monograph and reference tool. Three funders will allow for the print activity and distribution of the monograph, but without the reference tool. I hope that helps and should you have any other questions, please do not hesitate to contact me.

Regards,
Barbara Jean
